Such an order shall serve to revoke the preliminary acceptance and shall cause the applicant to renew the guarantee for an additional one (1) year from the date of replanting or repair. Final acceptance shall occur when preliminary acceptance has remained unrevoked for a period of one (1) year, or when all control structures and a minimum of ninety (90) percent of all plants have survived for a period of one (1)

Deviation from an approved site plan without the written approval of the zoning administrator shall void the plan and the Zoning Administrator shall require the applicant to resubmit a new plan for consideration. Any major revision of an approved Site Development Plan shall be made in the same manner as the originally approved plan.

If the proposed amendment consists of a change in the text of this Ordinance, the Commission may recommend revisions to the proposal. If the proposed amendment consists of a change in zoning district boundaries, it may recommend that the land be rezoned to a different zoning district classification than that requested if the Commission is of the opinion that such revision is in accord with sound zoning practice and the adopted Comprehensive Plan, is in furtherance of the purposes of this Ordinance and is not more intensive than the advertised/noticed proposed use. Before recommending a larger extent of land or a rezoning to a more intensive classification than was set forth in the application, the Commission shall hold an additional duly noticed public hearing on the matter.

In recommending the approval or denial of any proposed amendment to this Ordinance, the Planning Commission should state its reasons for such recommendation.

The Council may approve the zoning amendment as requested by the applicant, it may deny the amendment, or it may approve a zoning classification of less intensity than that requested, if available in the Ordinance, without holding a new hearing. No land may be zoned to a more intensive use classification than was contained in the public notice without an additional public hearing. 6. whether the rezoning will be compatible with properties and uses in the vicinity and not have an adverse impact on these properties or their values;
7. whether there are adequate sites available elsewhere in the Town for the proposed use, or uses, in districts where such uses are already allowed;
8. whether the impact that the uses that would be permitted if the property were rezoned will have upon the volume of vehicular and pedestrian traffic and traffic safety in the vicinity and whether the proposed rezoning provides sufficient measures to mitigate such impacts;

9. whether a reasonable and viable economic use of the subject property exists under the current zoning;
10. whether the effect of the proposed rezoning on environmentally sensitive land or natural features, wildlife habitat, vegetation, water quality and air quality is compatible with the Town's Comprehensive Plan;
11. whether the proposed rezoning encourages economic development activities in areas designated by the Comprehensive Plan and provides desirable employment and enlarges the tax base;
12. whether the proposed rezoning considers the current and future requirements of the community as to land for various purposes, including housing and business, as determined by population and economic studies;
13. the effect of the proposed rezoning to provide moderate housing by enhancing opportunities for all qualified residents of the Town; and

Proposed amendments shall be considered as soon as feasible, based on the regular schedule of the Planning Commission and the Town Council meetings and the schedule of newspaper publication relative to public notice.

Upon the denial of any application filed to change a zoning district designation, no further application concerning any or all of the same property shall be filed for rezoning to the same use in less than twelve (12) months from the time of denial by the Town Council, unless this requirement is specifically waived by the Town Council.

11-3.9.17 Conditional Zoning

1. Purpose and Authority

As part of a petition to rezone property and amend the official zoning map, the property owner may voluntarily proffer in writing certain conditions and restrictions on the use and development of his property, such conditions being in addition to, or modification of, the regulations provided for a particular zone or zoning district by this Ordinance. The Zoning Administrator shall be vested with all necessary authority to administer, interpret and enforce such conditions and restrictions, all in accordance with the terms of §15.2-2296 et seq. of the Code of Virginia, as amended.-

While the conditions may vary from property to property by reason of the nature of the use and different circumstances at a particular location, it is not the intention of this section to authorize conditions limited to a particular individual or group, owner, or operator, and the provisions of this section shall not be used for the purpose of discrimination in housing.

2. Proffered Conditions.

As a part of an application for rezoning or amendment to the zoning district map, the owner or owners of the property involved may, prior to a public hearing before the Town Council, voluntarily proffer in writing such reasonable conditions, in addition to the regulations provided for the zoning district or districts as herein set forth, as he deems appropriate for the particular case to address impacts of the proposed use.

5. Review and Revision of Proffered Conditions.

Additional conditions may be proffered by the applicant during or subsequent to the public hearing before the Planning Commission, provided however that after proffered conditions are signed and made available for public review and the public hearing before the Town Council has been advertised (whether or not jointly held with the Planning Commission) no change or modification to any proffered condition shall be approved without a second advertised public hearing thereon.

6. Modifications to Proffers.

After the Town Council's public hearing has been advertised, , should additional or modified conditions be proffered by the applicant, which conditions were specifically discussed at the public hearing before the Planning Commission, then a second public hearing need be held only before the Town Council before the application and the modified conditions can be reviewed and acted on by the Council.

7. Additional Conditions.

Should additional conditions be proffered by the applicant at the time of the public hearing before the Town Council, which conditions were not addressed at the public hearing before the Planning Commission, or if the proffered conditions are modified beyond the scope of any conditions considered at the public hearing before the Planning Commission, the application shall be the subject of a second public hearing before both the Planning Commission and the Town Council, which hearing may be held either separately or jointly.

8. Annotation of Zoning District Map.

The zoning district map shall show by an appropriate symbol on the map the existence of conditions attaching to the zoning on the map. The Zoning Administrator shall keep in his office and make available for public inspection a Conditional Zoning Index. The Index shall provide ready access to the ordinance creating conditions in addition to the regulations provided for in a particular zoning district. Such conditions shall become a part of the zoning regulations applicable to the property in question, regardless of changes in ownership or operation, unless subsequently changed by an amendment to the zoning district map, and such conditions shall be in addition to the specific regulations set forth in this Ordinance for the zoning district in question.

9. Enforcement of Conditions.

The Zoning Administrator shall be vested with all necessary authority on behalf of the Town Council to administer, interpret and enforce conditions attached to a rezoning or amendment to the zoning district map, including: (a) the ordering in writing of the remedy of any noncompliance with such conditions; (b) the bringing of legal action to insure compliance with such conditions, including injunction, abatement, or other appropriate action or proceeding; and (c) requiring a guarantee, satisfactory to the Town Council, in an amount sufficient for and conditioned upon the construction of any physical improvements required by the conditions, or a contract for the construction of such improvements and the contractor's guarantee, in like amount and so conditioned, which guarantee shall be reduced or released by the Town Council, or agent thereof, upon the submission of satisfactory evidence that construction of such improvements has been completed in whole or in part. Provided, further, that failure to meet all conditions shall constitute cause to deny the issuance of any of the required use, occupancy, or building permits, as may be appropriate.

Upon approval by the Town Council, proffered conditions shall become a part of the zoning regulations applicable to the property, and are enforceable under the same provisions for enforcement as all other provisions in the Ordinance.

Determinations of substantial conformance shall be made by the Zoning Administrator.

12. Guarantee for Construction of Improvements.

A guarantee, satisfactory to the Town Council, may be required in an amount sufficient for and conditioned upon the construction of any public improvements required by a rezoning request and the proffered conditions. This guarantee may be reduced or released by the Council or agent thereof, upon the submission of satisfactory evidence that the construction of such improvements has been completed in whole or in part. The guarantee shall be required no later than final site plan or subdivision approval, whichever may occur earlier in time.

13. No Permits Shall Be Issued That Do Not Comply With Proffers.

Failure to meet or comply with any proffered conditions shall be sufficient cause to deny the issuance of any site plan or subdivision approvals, grading permits, zoning permits, building permits, or certificates of occupancy as may be determined appropriate by the Zoning Administrator. In addition to the other penalties appropriate for violations of this Ordinance, failure to meet or comply with any proffered condition shall be sufficient cause to deny the issuance of any development approvals or permits relating to the land area which was the subject of the conditional zoning. To this end, each application for a development approval or permit shall include an affidavit by the applicant that all applicable proffers have or will be complied with as agreed upon at the time of rezoning. The burden shall be on the applicant to verify that proposed development complies with all proffered conditions.

14. Appeal of Proffer Decision.

15. Change of Approved Conditions.

Once proffered conditions have been approved, and there is cause for an amendment which would not be in substantial conformity with them, then an application shall be filed for an amendment of the proffered conditions. If the amendment concerns an approved site development plan, such application shall include the submission requirements for a site development plan set forth in Section 11-3.7 of this Ordinance, except that the Planning Director may waive any submission requirement if such requirement is not necessary for an adequate review of the amendment application. Such amendment shall be the subject of public hearing in accordance with the requirements for a new application.

In acting on a request for a special use permit, the Town Council shall consider the impact of the requested special use.

Only those special use permits that are expressly authorized in a particular zoning district, or elsewhere in this Ordinance may be approved. 11-3.11 Variances

11-3.11.1. Variances Determined by the Board of Zoning Appeals

1. Variances Authorized

The Board of Zoning Appeals may authorize variances from the terms of this chapter as will not be contrary to the public interest, when, owing to

special conditions, a literal enforcement of the provisions of this Ordinance will result in unnecessary hardship; provided, that the spirit of this Ordinance shall be observed and substantial justice done.

When a property owner can show that his property was acquired in good faith and where by reason of the exceptional narrowness, shallowness, size, or shape of specific piece of property at the time of effective date of the Ordinance, or where by reason of exceptional topographic conditions or other extraordinary situation or condition of such piece of property, or the use or development of property immediately adjacent thereto, the strict application of the terms of the Ordinance would effectively prohibit or unreasonably restrict the use of the property or where the Board is satisfied, upon the evidence heard by it, that the granting of such variance will alleviate a clearly demonstrable hardship approaching confiscation, as distinguished from a special privilege or convenience sought by the applicant, provided that all variances shall be in harmony with the intended spirit and purpose of the Ordinance, the Board may grant a variance to alleviate those conditions, under the terms and procedures provided for herein.

No such variance shall be authorized by the Board unless it finds:

- i. That the strict application of the Ordinance would produce undue hardship;
- ii. That such hardship is not shared generally by other properties in the same zoning district and the same vicinity;
- iii. That the authorization of such variance will not be of substantial detriment to adjacent property and that the character of the district will not be changed by the granting of the variance; and
- iv. That the condition or situation of the property concerned or the intended use of the property is not of so general or recurring a nature as to make reasonably practicable the formulation of a general regulation to be adopted as an amendment to the Ordinance.

2. Board May Impose Conditions

In authorizing a variance the Board may impose such conditions regarding the location, character, and other features of the proposed structure for use as it may deem necessary in the public interest and may require a guarantee or bond to ensure that the conditions imposed are being and will continue to be complied with.

3. Public Hearing Required

No variance shall be authorized except after notice and hearing as required by §15.2-2204 of the Code of Virginia as amended.

11-3.11.2. Unauthorized Variances

1. No variance shall be authorized that would permit the establishment of any use not otherwise permitted in the zoning district under the specific provisions of this Ordinance.
2. No variance shall be authorized that would result in an increase in density from that permitted by the applicable zoning district regulations.
3. No variance shall be authorized that would relate to nonconforming uses.
4. No variance shall be authorized that would reduce the amount of off-street parking space required by Article 7.
5. No variance shall be authorized that would relate to signs.
6. No variance shall be authorized in cases where the applicant, subsequent to the effective date of this Ordinance, has purchased a portion of a larger parcel, which portion has an area or width less than required by the provisions of this Ordinance at the time of such purchase or which portion has unusual physical characteristics, that are set forth as the basis for the application for a variance, which would not exist if such portion had not been detached by such purchase from the larger parcel of which it was a part.
7. No variance shall be authorized that would permit the establishment of any use not otherwise permitted in a floodplain.
8. No variance shall be authorized merely for the purpose of convenience or economic hardship.

11-3.11.3. Procedures for Variances

1. Application for Variance

Pursuant to provisions of this article and §15.2-2309 of the Code of Virginia, as amended, any person seeking a variance from the application of regulations of this chapter, shall first submit his proposal to the Zoning Administrator on a form to be provided by the Zoning Administrator, including therewith satisfactory evidence that any delinquent real estate taxes owed to the county which have been properly assessed against the subject property have been paid, and all plans and information relating to the application required by the board of zoning appeals pursuant to §15.2-2310 of the Code of Virginia. The application shall be transmitted promptly to the secretary of the Board of

Zoning Appeals, who shall place the matter on the docket to be acted upon by the board.

The Zoning Administrator shall also transmit a copy of the application to the local Planning Commission which may send a recommendation to the Board or appear as a party at the hearing.

2. Decision on Variance Application

The proposal shall then be advertised pursuant to provisions of §15.2-2204 of the Code of Virginia prior to public hearing by the Board of Zoning Appeals. The Zoning Administrator shall also transmit a copy of the application to the Planning Commission, which may send a recommendation to the Board or appear as a party at the hearing.

The Board of Zoning Appeals shall render a decision on any application submitted to it within sixty (60) days after the date of the hearing thereon.

After such deadline, an application or appeal may be withdrawn only with the permission of the Board of Zoning Appeals. 2. Such appeal shall be made within thirty (30) days after the decision appealed from by filing with the Zoning Administrator, and with the Board, a notice of appeal specifying the grounds thereof. The Zoning Administrator shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed was taken. An appeal shall stay all proceedings in furtherance of the action appealed from unless the Zoning Administrator certified to the Board that by reason of facts stated in the certificate a stay would in his opinion cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise, than by a restraining order granted by the Board or by a court of record, on application and on notice to the Zoning Administrator and for good cause shown.

11-3.12.2 Appeal Procedure

1. Appeals shall be filed with the Board of Zoning Appeals in care of the Zoning Administrator, who shall provide a copy of the appeal to the secretary of the Board, and a third copy provided to the individual, official, department, or agency concerned, if any.
2. Appeals requiring an advertised public hearing shall be accompanied by cash payments to the Town in accordance with the Fee Schedule as set by Town Council by resolution.
3. Upon receipt of an application or appeal, the Board shall fix a reasonable time for the hearing, give public notice thereof in accord with § 15.2-2204 of the Code of Virginia, as well as due notice to the parties in interest.
4. The Board shall make its decision within ninety days of the filing of the application or appeal.
5. In exercising its powers the Board may reverse or affirm, wholly or partly, or may modify, an order, requirement, decision or determination appealed from. The concurring vote of a majority of the membership of the Board shall be necessary to reverse any order, requirement, decision or determination of an administrative officer or to decide in favor of the

applicant on any matter upon which it is required to pass under the Ordinance or to effect any variance from the Ordinance.

6. The Board shall keep minutes of its proceedings and other official actions which shall be filed in the office of the board and shall be public records. The chairman of the board, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses.

After such deadline, an application or appeal may be withdrawn only with the permission of the Board. An application or appeal which is not withdrawn pursuant to this subsection shall be either granted or denied on the merits by the Board, either in whole or in part.

11-3.12.4 Court Petition

1. Any person or persons jointly or severally aggrieved by any decision of the Board of Zoning Appeals, or any taxpayer or any officer, department, board, or bureau of the Town may present to the circuit court of the county a petition specifying the grounds on which aggrieved within thirty (30) days after the filing of the decision in the office of the Board.
2. Upon the presentation of such petition, the court shall allow a writ of certiorari to review the decision of the Board of Zoning Appeals and shall prescribe therein the time within which a return thereto must be made and served upon the relator's attorney, which shall not be less than ten (10) days and may be extended by the court. The allowances of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the Board, and on due cause shown, grant a restraining order.

proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.

11-4 Non-Conforming Uses and Structures

11-4.1 Purpose

The purpose of this section is to regulate and limit the development and continued existence of uses, structures, and lots legally established prior to the effective date of this Ordinance which do not conform to the requirements of this Ordinance. Many nonconformities may continue, but the provisions of this subsection are designed to curtail substantial investment in nonconformities and to bring about their eventual improvement to a conforming status or elimination in order to preserve the integrity of this Ordinance and the desired character of the Town and to protect the public health and safety.

Any nonconforming use, structure, or lot which lawfully existed as of the effective date of this Ordinance and which remains nonconforming, and any use, structure, or lot which has become nonconforming as a result of the adoption of this Ordinance or any subsequent reclassification of zoning districts or other amendment to this Ordinance, may be continued or maintained only in accordance with the terms of this section. The limitations of this section shall not apply to structures or lots whose nonconforming features are the subject of a variance that has been granted by the Board of Zoning Appeals or by the Zoning Administrator, or a modification or condition that was approved by the Town Council.

It is the intent of this chapter to abide by the letter and spirit of the provisions of § 15.2-2307 of the Code of Virginia. It is further the intent of this chapter that nonconformities shall not be enlarged, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district.

Nonconforming uses are declared by this chapter to be incompatible with permitted uses in the districts involved.

11-4.2 Continuation

- 11-4.2.1 If at any time after the enactment of this Ordinance a lawful use of land and/or structures exists which would not be permitted by this chapter, the use may be continued so long as it remains otherwise lawful. A use of land or use of structure established in violation of contemporary zoning regulations is illegal, not nonconforming.

- 11-4.2.2 If any change in title of possession or renewal of a lease of any such lot or structure occurs, the use existing may be continued.
- 11-4.2.3 If any nonconforming use (structure or activity) is discontinued for a period exceeding two (2) years, after the enactment of this Ordinance, it shall be deemed abandoned and any subsequent use shall conform to the requirements of this Ordinance.
- 11-4.2.4 Whenever a nonconforming structure, lot, or activity has been changed to a more restricted nonconforming use, such existing use may only be changed to a use of the same or less restricted category or to a less non-conforming activity as identified in the zoning district within which it is located.

11-4.3 Non-Conforming Uses

11-4.3.1 Expansion

No nonconforming use shall be enlarged, increased or extended to occupy a greater area of land than was occupied on the effective date of this provision to the Ordinance, unless such enlargement does not result in an increase in nonconformity or results in a change to a use permitted in the district.

11-4.3.2 Discontinuance

If any nonconforming use of land and/or structure ceases for any reason for a period of more than two (2) years, , any subsequent use of such land and/or structure shall conform to the regulations specified by this chapter for the district in which such land is located.

11-4.3.3 Superseded

When any nonconforming use, or nonconforming structure and use in combination, is superseded by a permitted use and/or structure, the use shall thereafter conform to the regulations for the district, and no nonconforming use and/or structure shall thereafter be resumed.

11-4.3.4 Moving

No such nonconforming use and/or structure shall be moved in whole or in part to any portion of the land or parcel other than that occupied by such use and/or structure at the effective date or amendment of this ordinance, unless such move results in decreasing the degree of nonconformity or results in conformity with the requirements for the district.

11-4.3.5 Additional Uses

No additional uses which would be prohibited in the district involved shall be allowed.

11-4.3.6 Special Use Permits

Any lawful existing use which is permissible as a special permit use in a district under the terms of this Ordinance shall not be deemed a nonconforming use in such district, but shall, with written notification and proof to the Zoning Administrator, be considered a lawful conforming use in that district.

11-4.4 Non-Conforming Structures and Buildings

11-4.4.1 Repairs and Maintenance

On any building or structure devoted in whole or in part to any nonconforming use, work may be done in any period of twelve (12) consecutive months on ordinary repairs or on repair or replacement of nonbearing walls, fixtures, wiring, or plumbing, to an extent-not exceeding twenty (20) percent of the current replacement value of the structure provided that the cubic content of the structure as it existed at the time of passage or amendment of this Ordinance shall not be increased. Nothing in this Ordinance shall be deemed to prevent the strengthening or restoring to a safe condition of any structure or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.

11-4.4.2 Expansion or Enlargement

A nonconforming structure to be extended or enlarged shall conform with the provisions of this Ordinance, except as provided for herein. No nonconforming use and/or structure shall be enlarged, increased or extended to occupy a greater area of land than twenty-five percent (25%) more than was occupied on the date of adoption or amendment of this ordinance unless such enlargement does not result in an increase in nonconformity or results in a change to a use permitted in the district.

11-4.4.2 Restoration or Replacement

1. If a nonconforming use or structure is destroyed or damaged in any manner to the extent that the cost of restoration to its condition before the occurrence shall exceed seventy-five (75) percent of the cost of reconstructing the entire structure, it shall be restored only if it complies with the requirements of this Ordinance.
2. Where a conforming structure devoted to a nonconforming activity, or where a nonconforming structure is damaged less than seventy-five (75) percent of the cost of reconstructing the entire structure, either may be repaired or restored, provided any such repair or restoration is started within twelve (12) months and completed within eighteen (18) months from the date of partial destruction.

3. Historic structures designated as contributing structures to an Historic District adopted by the Town Council shall be exempt from the limitations of Sections 11-4.4.2.1 and 11-4.4.2.2.
4. The cost of land or any factors other than the cost of the structure are excluded in the determination of cost of restoration for any structure or activity devoted to a nonconforming use.
5. If a nonconforming structure or portion thereof containing a nonconforming use becomes physically unsafe or unlawful due to lack of repairs and maintenance, and is declared by any duly authorized official to be unsafe or unlawful by reason of physical condition, it shall not thereafter be restored, repaired, rebuilt or used, except in conformity with the regulations of the district in which it is located.

11-4.4.3 Pre-existing Setback

Any structure which existed on the date of adoption of this Ordinance which is nonconforming solely due to a setback or yard requirement imposed by this Ordinance may be enlarged, increased, extended, repaired or replaced so long as any such improvements do not result in an increase in the degree of nonconformity.

11-4.4.4 Illegal Structures

No structure that fails to conform with the requirements of this chapter shall be erected.

11-4.5 Non-Conforming Lots

11-4.5.1 Use

Any lot of record at the time of the adoption of this Ordinance which is less in area or width than the minimum required by this Ordinance may be used when the requirements regarding setbacks, side, and rear yards are met.

11-4.5.2 Changes in District Boundaries

Whenever the boundaries of a district are changed by amendment of this Ordinance, any uses of land, legal structures or buildings which become nonconforming as a result of such change shall become subject to the most current provisions of this Ordinance. Such affected use, lot or structure shall be accorded nonconforming use, lot and/or structure status as may be appropriate under the terms of this Ordinance.

11-4.5.3 Division, Boundary Line Adjustment

No lot or parcel or portion thereof shall be used or sold in a manner reducing compliance with lot width or other requirements established by this chapter, nor shall any division be made which creates a lot with width or area below the requirements stated in this chapter.

Notwithstanding the provisions of the paragraph above, boundary line adjustments may be permitted between nonconforming lots, or between a conforming and a nonconforming lot, provided that the Zoning Administrator determines that the degree of nonconformity for any lot resulting from such boundary line adjustment is not increased due to such adjustment.

11-4.5.4 Condemnation

Any lawfully created lot which, by reason of condemnation for alignment, realignment of a federal or state road, has been reduced in size to any area less than that required by this Ordinance shall be considered a lawful nonconforming lot of record subject to the provisions set forth in this section.

11-4.5.5 Violations Are Not Nonconformities

Uses or structures established in violation of zoning regulations are lawful nonconformities. The burden of proof shall be upon the owner of the property to establish the lawful nonconforming status of a claimed non-conforming use.

11-4.5.6 Accessory Uses/Buildings, Signs

A lawful nonconforming use of a structure, a lawful nonconforming use of land or a lawful nonconforming use of a structure and land in combination shall not be continued, extended or enlarged by use or establishment of either an accessory use or building or by attachment on a building or premises of additional signs intended to be seen from off the premises.
