******ONE FORM PER FACILITY******

Owner Information should be filled in with the contact information of the owner/HOA of the facility.

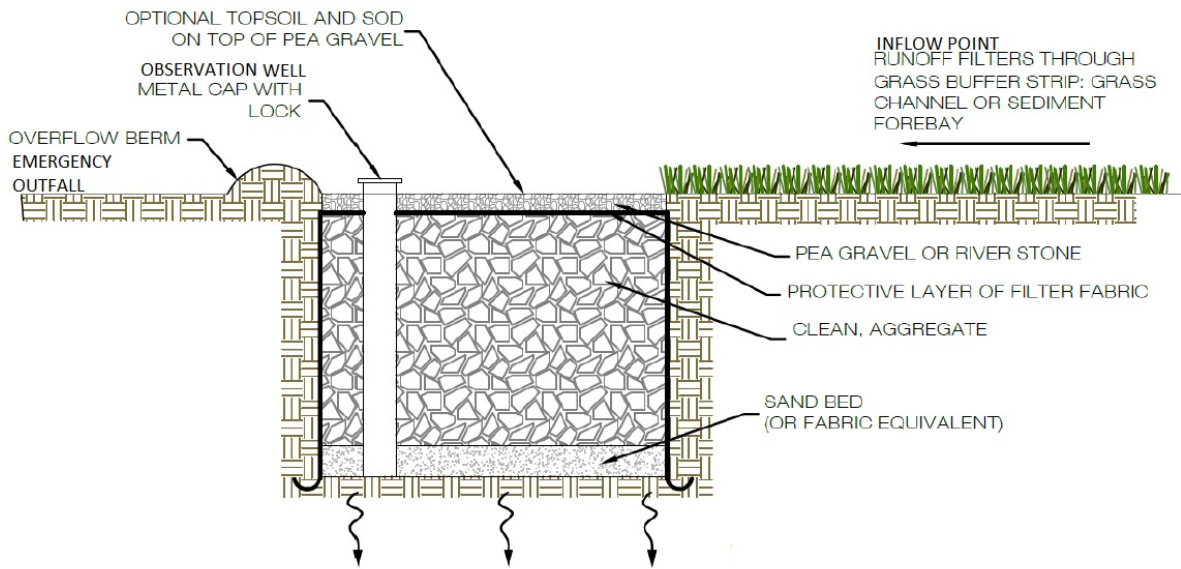

Facility Information can be obtained from the letter.

Inspection Information should be completed by the individual completing the inspection. **A professional (engineer, landscape inspection, architect, surveyor, etc.), or someone who has had appropriate training, must perform inspections.**

The **Inspection Tasks** table needs to be completed by the person inspecting each component. Components are shown on the detail below. Any maintenance completed should be described in the **Notes** section.

Infiltration Facility

- **Inflow Points** include the sloped area around the facility and any pipes releasing water to the facility.
- **Outfall Points** include the earthen berm and the pipe leaving the facility (if applicable).
- **Observation Well** is a PVC pipe that stick up above the surface of the stone portion of the facility.

Photos: Attach a minimum of two (2) date stamped photos of the facility to this inspection report. One photo should show the overall location of the facility and the other should be a close up of the facility. Please include photos of any deficiencies or corrective measures.

When the form is complete submit the form and photos to: dhermoso@warrentonva.gov with the address and Case ID in the subject line.
